Bixby & Co. and the MEP system:

"Maine MEP's client has had great success reducing variability by applying Statistical Process Control thinking as well as implementing waste reduction as taught in Lean manufacturing. Keep your eyes open - Bixby bars are coming to a store near you!" -- Bill Whittier, Maine MEP project manager

Make it in America is an initiative supported by the National Institute of Standards and Technology's Manufacturing Extension Partnership (NIST MEP). NIST MEP works with small and mid-sized U.S. manufacturers to help them create and retain jobs, increase profits, and save time and money. The nationwide network provides a variety of services that put American manufacturers in a position to develop new customers, expand into new markets and create new products.
